Kun International

KUN is a leading pioneer advertising agency founded in 2016 by a group of young leaders in the prime of their lives and already with a track record of excellence, leveraging their youthful mindsets and 6+ years of experience and tangible successes in the GCC region.

The company provides numerous offerings within the fields of digital marketing, advertising, and information technology. We are not only proud of our qualified and high expertise staff, but also of our creative team and talents from across the Arab world. As a result of this understanding, and an uncompromising commitment to quality and innovation, KUN has become synonymous with successful and popular advertising campaigns that have achieved remarkable results for its clients.

Job Description

As our new graphic designer intern, you will use your knowledge of typography, color, layout, and image manipulation to create visually appealing designs that clearly communicate our core product offerings to our customers.

In addition to our design team, you will work closely with our creative directors, project managers, and marketing team to produce world-class assets for print and digital and ensure that all deliverables maintain a look and feel that is consistent with our brand.

Responsibilities

You will meet with clients, collaborate with the design team, and take direction from upper management in an effort to create engaging designs for print and digital. You will be responsible for generating design concepts, executing revisions, and meeting deadlines.

More responsibilities in detail:

- Design pages for print and digital so that information is easy to find, read, and understand.
- Gather all relevant facts for each project and ensure that all deliverables communicate the correct information.
- Generate clear ideas, concepts, and designs of creative assets from beginning to end.
- Work collaboratively with other designers to ensure a consistent, integrated brand perception.
- Stay on top of the latest standards, processes, and trends in the visual design field.

Requirements

- A strong portfolio that showcases aesthetic awareness and design problem solving abilities.
- A standard level of proficiency using Adobe products like InDesign, Illustrator, and Photoshop.
- A basic working knowledge of screen design tools like Sketch.
- Excellent communication skills, including the ability to clearly explain design decisions in words and writing.
- The ability to receive, interpret, and implement constructive feedback from project stakeholders into your design work.
- An appreciation for and awareness of emerging design trends in print and digital.
- Able to learn new tools and processes quickly and work in a fast-evolving environment.

Interested candidates can send their CVs, cover letters and portfolios to Mishal Al Najem - office@kunint.com
