VCUQ Stole

MFA Graduation Gown

MFA Graduation Hood

Cap is worn flat on the head. Tassel stays on the left side of the cap and will remain there until the ceremony is complete.

The graduation hood is worn on top of the stole with the largest portion hanging down your back. The brown portion indicates your specific field of study and should be shown outside.

The brown portion in front should be facing upward and flat on the top of your shoulders.

The point of the hood is in front with a loop hanging down. This loop can be attached to the button on the inside of the gown or the button of your shirt or dress. Or use a safety pin to hold the loop.

On your back fold the color at the bottom of the hood to allow the colors of the university to show. This requires help from a friend.
